

Admin Assigned Passwords

Was a password assigned to a new or existing user but they were unable to log in?

LendingSpace does not stop or notify the Admin if the assigned password does not meet the required criteria.

No worries, we've got you covered with this simple tip.

To be recognized in the system, Lending Space passwords must contain the following criteria:

- At least 8 characters
- At least 1 number
- At least 1 symbol
- At least 1 capital letter
